VIK Chile

VIK Chile

The VIK Chile (formerly Viña Vik) is all about the views, surrounded by the colorful vineyards of Chile’s Millahue Valley, located about two hours south of Santiago. You can’t escape those vistas even if you tried, as evidenced by the window-lined Vik Suite bathroom and its hammock-shaped tub. Designed by London’s Splinterworks Studio, the bathtub even boasts a foam-insulated core, meaning your soaking session will stay hotter for longer—all the better to enjoy that scenery.
